The Hartwell Sun, of last Saturday, says "Mr. Jud. Fowler, of Anderson, swapped horses thirteen times last Tuesday."  
"Kiss Me as I Fall Asleep" is the title of a new song. It might work all right with some men, but it would make us right up.  
Irene Eloise, infant daughter of Mr. John L. Hall, of this County, died in Oconee County on the 17th inst., aged one year and nine days.  
The weather is as capricious as a certain young man in town says the girls are. It is impossible to predict what it will be six hours in advance.  
As it is probable that we will have no more killing frosts, several of the young men of the city have determined to turn out their mustaches.  
Don't forget that we have moved into our new building on Whitner street, opposite the Auditor's office. When you visit the city, come and see us.

It is very gratifying to us to know that the INTELLIGENCER is so highly appreciated in Abbeville County. We are constantly adding new subscribers to our list from that County.  
When you need any letter heads, bill heads, envelopes, &c., give us your orders. We use nothing but first-class material, and guarantee prices to be lower than Atlanta or Charleston.

Messrs. C. F. Jones & Co. make an important announcement to the trading public, and to the ladies especially, in this issue. Their stock of Spring goods is replete, and they invite the public to call and see them.  
We are requested to announce that a meeting of the Rock Mills and Centerville Townships Singing Association will be held at New Prospect Church on the first Saturday and Sunday in April. The public are cordially invited to attend.

The farmers all over the County are busy, whenever the weather permits, making preparations for planting, and the prospects for a good harvest this year is promising, but no one can predict with certainty the unforeseen contingencies of the future.  
The following candidates are announced this week: For County Commissioners—David Owens, T. M. Nelson and W. F. Boatner. For School Commissioner—R. W. Todd and J. G. Clinkcales. For Sheriff—Wm. L. Bolt. For Coroner—R. Y. H. Nance. For Clerk of Court—M. P. Tribble.  
"O, mother," said a Seminary girl the other day, and pointing to her brother Jim, who was making faces at her, "compel James to cease those extraordinary physiological phenomena." The old lady was compelled to seize the back of a chair for support.  
Last Tuesday morning, about 11 o'clock, a negro man named Oliver Letimer was killed by lightning on Mr. Lums. Pruitt's place, in Martin township. He was struck while going from the field to the house. Everything on his person, except one shoe, was torn into shreds.  
We would call attention to the card of Messrs. Smith & Co., which appears elsewhere. They are now moving into their new and handsome store room on Whitner street, where they will be better prepared than ever to supply the wants of the increasing trade. Their Spring stock of clothing, gents' goods, hats, &c., has arrived, and will be sold at astonishingly low prices. Mr. Smith, though comparatively a young man, is an old hand in the clothing business, and we assure those needing anything in his line that he will serve them right in every instance. We advise our readers to examine their stock without delay.

The stockholders of the Anderson Educational Association have decided to rebuild a commodious boarding-house on the University grounds. At a meeting of the stockholders on Tuesday morning a committee was appointed to secure a plan and estimates, with a view of rebuilding immediately.  
There is a quantity of damaged corn shipped from the West these days. Unsound corn is not fit for any kind of feed. It is injurious to all kinds of stock and sometimes kills mules and horses. It is not fit to fatten hogs and is not fit for meal or hominy. It is best not to buy it at all for any price.  
Our young friend, Dr. Robert Towens, of the South Carolina College, is now one of the editors of the Collegian, a paper published by the students of the College. Among the contributors to a recent number of that paper we notice an article from the pen of our young friend, Hartwell Ayer, who is also a student in the College.  
The farmers say they are a month behind with their work. Usually by this time the majority of them are through planting up-land corn, but as yet very little, if any, has been put in the ground, on account of the wet weather. Some of the farmers are of the opinion that the continuous rains will prove a benefit, as it will prevent them from plowing too late, a crop of cotton.  
A correspondent of the Landon Electrician says the following is an instant remedy for toothache: "With a small piece of zinc and a bit of silver (any silver coin will do), the zinc placed on one side of the afflicted gum and the silver on the other, by bringing the edges together the small current of electricity generated immediately and painlessly stops the toothache."  
Aiken Journal and Review: "Col. S. L. Campbell, the indefatigable Secretary of the Carolina, Cumberland Gap and Chicago Railroad Company, has tendered his resignation to the Directors and officers of the Company. On April 15th a meeting of the Directors and officers will be held at their office in Aiken. Col. Campbell's resignation will be considered and passed upon. Other business of importance will also be transacted."  
Easley Messenger: "Mrs. Nancy Bolt, widow of the late Robert Bolt, of Anderson, S. C., sister of Rev. Robert P. Frank, of Columbia, and mother-in-law of Elias Day, of Pickens County, died at the residence of her son, J. R. Bolt, whom she was visiting in Hoscote, Ga., on the 14th inst., after a brief illness. She had reached the mature age of 88 years, and died much beloved by her relatives and friends, and leaves many such to mourn her death."  
A number of darkies, who had been furnished supplies and had contracted to work for farmers in Hopewell township, left their employes one night last week, after secretly disposing of all their effects, going to Seneca about, intending to take the train there for Arkansas. Warrants were procured for them and a constable went to Seneca and arrested two of them, the others escaping. Those arrested were brought here Friday and lodged in jail.  
Seneca Free Press: "The party of colored people who came up from Anderson last week to go West, but failed to get tickets from the emigrant agent, disappeared very suddenly from our town. They had been giving concerts in order to raise money either to proceed on their journey or return to their homes. After two or three concerts had been given, the door-keeper of the party slipped off with the money which had been taken in, and the others left in pursuit of him."  
Astronomers tell us that on this evening, at 9 o'clock, Neptune on his way West will encounter Venus on her way East. When they reach the same point of right ascension they will be in conjunction. There will be an occultation of one planet by the other—that is, there will be an eclipse. It is a rare occurrence, and is said to be a very beautiful phenomenon; but no one can be sure about that, because there is no one alive who ever saw it. The last recorded was in 1737, and the last before that was in 1591. It may be something you never saw before, and may never see again.  
An infant, in a decomposed state, was found under a vacant tenant house on the plantation of Mr. E. M. Gary, in Rock Mills township, one day last week. The house had recently been occupied by a colored woman named Levisia Osborne. Trial Justice B. F. Shirley was notified of the discovery, and on last Friday held an inquest over the remains. After hearing the evidence, the jury returned a verdict charging Levisia Osborne, who acknowledged being the mother of the child, with infanticide, and she was committed to jail. Her half-brother, Lawrence Osborne, who is the most important State witness, was also committed to jail for safe keeping.  
Mr. Frank D. Moore, of New York, died at the residence of his brother-in-law, Gen. L. M. Ayer, in this city, on last Sunday morning, at 10 o'clock, after an illness of about four months. Mr. Moore had been in bad health for a long time, and came to Anderson about five weeks ago, thinking that a change in climate would perhaps prove beneficial. His wife and three children accompanied him here, and they, with Gen. Ayer's family, have been strangers to our society in their bereavement. His remains were interred in the Baptist cemetery, in this city, on Tuesday evening, at 7 o'clock, after solemn and impressive funeral services, conducted by Rev. T. P. Bell and Rev. D. E. Frierson, D. D.  
The famous Wizard Oil Concert Troupe has arrived in Anderson, and are giving their concerts on the Court House Square every day and evening. They will remain here during the balance of the week. Their music is certainly worth hearing. This (Thursday) evening, commencing at 8 o'clock, the following programme will be rendered: Overture—selected; Quartette—"Away to the Fields"; Comic—"Miss Brady's Piano Fort"; Ballad—"Pansy Blossom"; Melody—"Keep a Dancin'"; Duet—"Life's Dream"; O'Neil; Comic—"Goin' Home"; "Orlando Song"; Melody—"I Must Go." Interesting programmes will be rendered on Friday and Saturday evenings. Bring the ladies and children out to hear them.  
"Emeralds."  
This exceedingly interesting and charming drama was rendered by the Anderson Dramatic Association last Friday evening to a large and highly appreciative audience. The following were the cast of characters: Emeralds.....Miss Annie Blackley. "Old Man" Rogers.....A. P. Johnston. Lydia Ann Rogers.....T. F. Hill. Dave Hardy.....T. F. Hill. Estabrook.....T. S. Crayton. "The Play" is replete with thrilling romance, and ends just like one would have it were it reality. The parts were all sustained in a spirited and very creditable manner throughout. Indeed, in portions of the play, the rendition would have done honor to those of more stage experience. The play was pronounced by all a splendid success, and the troupe was frequently applauded. The Young American Cornet Band furnished excellent music for the occasion. In the rendition of this play, the members of the Association have added fresh laurels to their reputation.

To Our Efficient City Government.  
We hardly deem it necessary to call your attention to the importance of looking well to the sanitary condition of our back yards, not only of our residences and hotels, but of our stores and shops. They should be thoroughly cleaned, lined, &c., as the hot weather will soon be on us.  
TAX PAYER.  
Bill App seems to have been mistaken in his supposition that the "elements" were now satisfied and would let us alone; between midnight and day on the morning of the 10th inst., the Brushy Creek section of our County was visited by a pretty severe storm. We are informed that Dr. James Richardson's saw mill was blown down and considerably damaged. Mrs. Wm. Seawright's carriage house was also blown to pieces.  
The continuous rains have very much discouraged the farmers. Very little plowing was done before the rains commenced, and the temptation will be pretty strong to plow the lands too wet. Many of our farmers have learned from experience, however, that plowing land while too wet, instead of benefiting it or increasing the prospects for a good yield, does the land a positive injury and decreases the yield. The thoughtful farmer will bear this in mind and not allow his anxiety to get to work to lead him astray. The last issue of the Southern Cultivator, a very excellent paper and one that ought to be read by every farmer, contains a readable and quite suggestive article on the importance of plowing at the right time. The author, who seems to be a man of experience, warns in positive terms against plowing when the ground is too wet. Several of the most successful farmers on this side of the County take that paper and find it an invaluable helper. Others ought to have it.  
Mrs. Mrs. Ninch died one day last week after a long illness, and was interred in the Williamson Cemetery, Rev. B. F. Mauldin officiating. She leaves several daughters to mourn her loss, among them Miss Maggie, the Antheos.  
Mr. David Whit, Sr., died at his home in Williamson township Sunday afternoon, after a very protracted illness. Mr. Whit was nearly eighty years old, and has been a remarkably stout man. He was greatly respected for his industry and honesty. His remains were interred at Big Creek Church.  
Mrs. Nancy Crymes died yesterday about 7 o'clock p. m. She was 83 years of age—the mother of Dr. John Crymes and Mr. Thomas Crymes. Left a widow early in life, Mrs. Crymes exhibited wonderful energy and skill in the rearing of her children, who are now worthy and successful citizens. Her remains will be taken to Clear Springs, Greenville County, to-morrow.  
The storm pits in this section are in rather bad plight for the reception of Vanner's storm on the 27th. Mr. Rogers' has several inches of water in it. Mr. Horton's measures over five feet in water. Fine place for young ducks. It is suggested that give the attention to the raising of ducks in the future. Mr. Clements pit has some water in it. Austin says he is like the student who was asked by his Professor what he would do if called on to survey an impenetrable swamp—he would "bulge it," if necessary.

ANOTHER RESCUE FROM DEATH.—In 1881, while sewing on a machine, my wife was taken with a severe pain in her side, which was soon followed by hemorrhages from her lungs, severe cough, fever, and she could neither eat or sleep, and in a few weeks she was reduced to a living skeleton. Her stomach refused to retain any food, and the physician thought of her lungs was entirely gone. At a final consultation of two physicians her case was pronounced hopeless. I tried Brewer's Lung Restorer by advice of one of the physicians, and she began to improve after the third dose. She continued the medicine, and is now in excellent health, and is better than she has been in several years. I believe Brewer's Lung Restorer saved her life. BENJ. F. HERRON, Yatesville, Ga.
